**I hope you all are continuing to read at least 20 minutes a day!**

**Technically, this will be your last day of 5<sup>th</sup> grade! Sadly, our year was cut short, and it didn't end the way we would have liked. Still, I like to think that we made lots and lots of AMAZING memories in the time that we did share together. For today's assignment, I want you to write about your favorite memory from MY CLASS!**

**I hope you all have a GREAT summer, and I hope you all know that I love you very much!**
