**As we leave the school year of 2019-2020 behind us, the world will be forever changed. We are living in a time that will be written in history books that will be read by future generations. Covid-19 has affected every human on the planet.**

**For your last assignment, write a 1 page journal entry of how you will remember this time in history. What will you remember the most? How has it affected you? What changes took place in the world? In your community? What have you learned from this historical event?**
