### Application Essay Instructions:

Please choose **one** of the topics given below, and write a substantial essay (2-3 pages, typed, double-spaced) according to the instructions. As you work, remember this advice: do not try to guess what we want you to say. We do not have a "right" answer in mind; rather, we are giving you an opportunity to do some interesting thinking, and express yourself.

- 1) The great French writer and philosopher Albert Camus once stated, near the end of his novel *The Plague*, "There is more to admire in people than to despise." In recent months, people's characters have been put to the test in many ways. If you agree with Camus, describe the examples and experiences from the time of the pandemic that have led you to that conclusion.
- 2) Many people move to different regions, or even different countries, in the course of their lives; others tend to remain close to their birthplace, or to return there eventually. On the basis of what you know about yourself and your plans as of now, are you more likely to stay close to home, or to end up somewhere completely different? We are not asking you to justify your choice—either option could make perfectly good sense—but simply to analyze it. What are the practical and emotional factors that will influence your decision? Which will probably be the deciding factors?
- 3) People who apply for this scholarship tend to be ambitious; indeed, their ambition motivates them to take on challenges such as applying for this extremely competitive and prestigious award. You probably have multiple ambitions, but for this essay we are asking you to focus on one: either one of those listed below, or an ambition you describe in your own words. Where does that ambition come from? What will you have to do to give yourself the best chance of fulfilling the ambition? Have you been encouraged or discouraged by others who know about your ambition? Why do you think that achieving your ambition will help make you the person you want to be?
  - a. Win recognition
  - b. Earn a very good living
  - c. Make a difference in your community
  - d. Lead a life rich in experiences
  - e. Other (your choice)

- 
- 4) Please recommend a specific work of art to us: for example, a book, a poem, a movie, a television series, or a piece of music. In choosing the piece to recommend, try to think of something that you suspect we don't already know, but the main criterion is that you believe it is a wonderful piece of work. In your essay, describe the piece, tell us about your personal history with it, and explain why you believe that knowing it will enhance our lives.

**Sample of work:**

We would like to see a sample of your best work, in any field or format: for example, a mathematical proof, a lab report, a short story, a musical performance, a drawing, etc....the choice is yours. Please send only one copy of your sample in an accessible format: in written form, as a photograph, or as a recording, for example. Please do not send your only copy, as we will not be able to return samples. If you send a CD/DVD, please make sure it is not blank. We will not contact you for a working copy. Also, please include a brief written description of your sample.

We do not expect you to generate new work for this application: just pick something you have already done, and of which you are proud.

**Letters of Recommendation Instructions**

To the recommender:

Thank you for taking the time to provide a detailed and thoughtful recommendation for this student. The Honors Scholarship, our most prestigious and competitive scholarship, will be awarded to a limited number of students each year.

Since all applicants will have outstanding grade point averages and test scores, please focus in your letter on additional accomplishments and characteristics. Does the student go beyond what is required to earn a good grade in a class? Does she accept the responsibilities and challenges of leadership? Does he show strong curiosity about the world outside his local community? In short, what sets this student apart from others with similar grades and scores?

Please submit your letter to the applicant in a sealed envelope with your name written across the seal so he/she may place it in the application packet.
